

## Product Request

Dear Store Manager,

I am one of your dedicated customers and I'd like to be able to buy *Timeless Natural Food's* organic legumes, heirloom grains, peas, and chickpeas in your store.

Timeless products are grown by organically certified family farmers, and are processed and packaged in Montana's Golden Triangle, just east of the Continental Divide.

Right now, my option is to either order Timeless products online or buy from one of your competitors. I'd prefer to buy from you.

Here are the Timeless retail products available; I've checked my favorites:

- Organic Black Beluga® Lentils
- Organic Petite Crimson Lentils
- Organic Pardina Lentils
- Organic Harvest Gold® Lentils
- Organic Green Lentils
- Organic French Style Lentils
- Organic Purple Prairie® Barley
- Organic Semi-Pearled Farro
- Organic Black Kabuli® Chickpeas
- Organic Yellow Split Peas

Thanks for considering my request!
